Multi Purpose Vessel

CE category C

8 adults

“... a bullet proof workhorse ... for the serious fisherman, divers...” David Cole, clubmarine

With its planing hull and carrying capacity the Dolphin takes the best features of the pacific “longboat” and thrusts it into the 21st century.

Rotationally moulded in polyethylene ~ 5 times stronger than GRP ~ this boat is stylish, fuel efficient and tough.

Fishing ~

Family Fun ~

Hire or Workboat ~

Standard Features

- Rubbing strip
- 5 stainless steel cleats (2 each side plus bow)
- Stainless steel transom plate for outboard
- 3 thwart seats – fore and aft may be removed for additional deck space
- Centre Console complete with windscreen and stainless grab handles

Options

Displacement	1450 kg

COLOURS

BRIGHT WHITE

IVORY WHITE

YELLOW

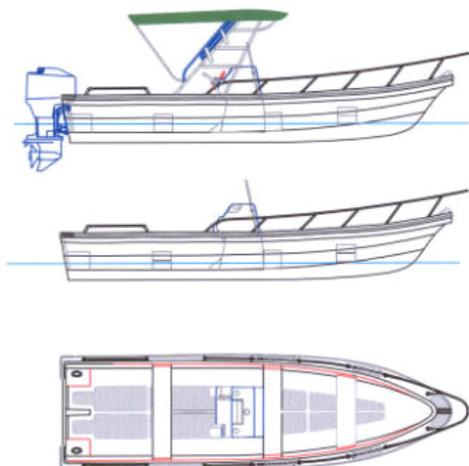

GREY

BLUE

RED

Manufactured for us in Indonesia this 'panga' has to be shipped in numbers to enable us to offer it at its highly attractive price. This allows pre-shipping orders to be placed defining hull colour, bimini fittings moulding in at the production stage and it to be prepared for specific engine mounts.

Pre-delivery secure orders enjoy a 10% discount on the understanding that only when we have orders for 3 boats will we import. This means that we may have between 0 and 6 boats available in stock but not in the particular colour that you want.

Working with a specialist manufacturer we are designing a folding cuddy to extend usability in the UK's oft wet conditions.
