Fun Yak

A range of tenders moulded in polyethylene these tough little boats are maintenance free, light and easy launch.

All come with integral roller "wheels" and, with the exception of the economy model *youyou*, are double skinned and so have built in buoyancy.

Rotationally moulded in polyethylene
~ 5 times stronger than GRP ~

2.50 ~ coralline ~

Length	2.49 metres
Width	1.30 metres
Weight	45 kg
Persons	3
Colours	
Outboard	2 - 4 HP short shaft
Electric thruster	13 - 25 kg thrust

2.20 ~ helix ~

Length	2.20 metres
Width	1.30 metres
Weight	35 kg
Persons	2/3
Colours	
Outboard	2 - 4 HP short shaft
Electric	13 - 25 thrust

The 2.50 and 2.20 are 'outboard ready'

order with:

an electric MotorGuide with battery and charger
or a conventional, short shaft, 2 or 4 stroke

Take all the effort out of it and get a trailer
Packaged together you save on shipping

TENDERS & DINGHIES

2.00 ~ *canot* ~

A classic little rowing boat for own use or hire

Length 2 metres
Width 1.2 metres
Weight 35 kg
Persons 2+
Colours 

CLAM ~ *palourde* ~

Fun, lightweight for children of all ages

Length 2 metres
Width 1 metre
Weight 18 kg
Persons 2
Colours 

2.10 ~ *youyou* ~

Economic 'pram' dinghy

Length 2.1 metres
Width 1.2 metre
Weight 22 kg
Persons 2
Colours 

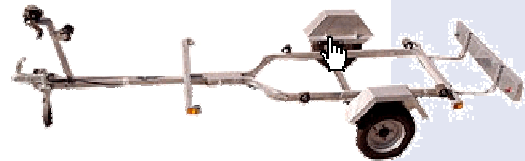

If in the model/colour is stock delivered in 2-3 weeks
colours ~ orange, blue or green ~ the 2.00 *canot* and *palourde* also in yellow

Children should always wear a life vest ~ adults should set an example

Although all of these small tenders are light enough for the roof of most cars a small trailer can add greatly to mobility and your flexibility

In fact the boat, on a trailer, provides a huge amount of space for the family tent, fishing hampers and all the gear that there never seems to be enough room for in the car...

... and for not much more than the price of a full roof rack system
